## **Ashlar-Vellum™ Releases Graphite™ version 8 Service Pack 2**

**January 28, 2010, Austin, TX.** Ashlar-Vellum announces the release of Service Pack 2 for Graphite version 8, their software for 2D/3D precision wireframe drafting.

The highlights of v8 SP 2 include:

- Support for large format printers at high resolution
- Direct access to tutorials and sample files from within Graphite
- Numerous bug fixes and functional enhancements

Robert Bou, president of Ashlar-Vellum commented, “This service pack supports our customers’ demand for bigger and better output from their printers.”

Service Pack 2 is a free update available to all those on Graphite v8, including Cobalt and Xenon v8 users with a courtesy license to Graphite. Upgrades are available from previous versions, with prices varying according to the age of the software.

### **About Ashlar-Vellum**

Founded in 1988, Ashlar-Vellum is the leading provider of precision CAD and 3D modeling software that automates and simplifies the design process for drafting, design, and engineering professionals on both Macintosh and Windows platforms.
